

Term 1 Junior Department

Room 1 have been making popcorn on a Friday with the focus being requesting using PECS.

During Literacy in room eleven students are working towards reading and working independently during book box time, daily 5 activities and small group learning.

Term 1 Junior Department

This year all students in the Junior department have had the opportunity to participate in the Library Arts Program (LAP) once a week. During this time the students visit the Library. They then participate in an art based activity which is linked with their Library activity. Later in the week they participate in a music activity which is usually a dance, singing or a game. During Term 1 they have been studying the books of Alison Lester based on her picture story book called 'Are We There Yet?' Alison Lester is the ambassador of the 'National Year of Reading' and her book has been selected to help promote the importance that reading has in people's lives. During Term 2 students will be continuing to look at issues and ideas from Alison's books, as well as starting their preparation for our school concert.
