

# Middle Department

## Dance Performance

Echuca Specialist School Middle Department provides students with programs that are suited to compliment each individual student as well as cover all areas of the DEECD's Victorian Essential Learning Standards.

A significant emphasis is placed on literacy with all classrooms running literacy programs every day.

Echuca Specialist School Middle Department prides itself on the commitment of staff to ensure students are provided with the best learning opportunities available.

ESS Middle Dept. students have been lucky to have Echuca College Dance students teach them dance each year. ESS students attend the College weekly, then culminate the program with an evening performance open to friends and family.

## Education

### And FUN!

ESS offers an outstanding educational curriculum to all students as well as remembering to have fun..

ESS students attend a 2 night/3 day camp, alternating each year between Four Posts Camp in Deniliquin and Billabong Ranch in Echuca. Students aged 12 and above also get the opportunity to attend our annual day trip to Swan Hill to participate in an interschool sports carnival.

## Camp
